Community Highlights

SPRING IS HERE..... or hopefully!

March is a time to spend with family and friends . The weather is changing and it's getting warmer so time to come out of hibernation. We will stay busy with fun new activities during the week and on Sundays.

It will be an experience starting up our very own indoor greenhouse, watching the plants grow, and then eventually moving them to our very own planter boxes outside.

Family and friends are welcome to stop in and come to any of our activities. The more the merrier!
