March is a time to spend with family and friends . The weather is changing and it's getting warmer or so we hope, so time to come out of hibernation.

We will stay busy with fun new games. Check your calendar for those. With Spring on its way. We are excited to get outside to start planting flowers and enjoy the fresh air together. Please continue to join us for walking club inside. Hopefully all this snow melts fast.

Family and friends are welcome to stop in and come to any of our activities. The more the merrier!
